Car Park

Campbelltown Preschool unfortunately only has limited car parking spaces. Because of this during busy times such as pick-up and drop-off, parking can become difficult. Please be patient and considerate of others when using our car park. Follow the signage displayed and please do not park in the no standing zones, even for a short time.

Please do not double park at any time.

Please remember your surroundings when in our car park and that young children will often be watching and listening to what is happening. If you have any issues or disagreements in the car park please come and see one of the staff and we will be happy to help deal with the issue. For everyone’s safety and wellbeing, we would prefer that issues were dealt with by staff to ensure everyone can continue to use the car park freely.

Below is a map that shows where you may park. The orange section is the part of the car-park owned by the Department for Education and Child Development and can be used by Preschool and Child Care Families. The blue section is owned by ACH, but under an agreement, families can use this section for short periods of time (ie no more than 15 minutes). Please note that nobody should use the car parks marked ACH and families are not to park in any part of the car park all day. Although not an ideal solution, there is extra parking available to the public on Anderson Court, outside the library.

Only families who have the correct permits should use the 1 disabled car park out the front of the childcare door. As there is only one such car park, it is important that it is kept clear for those in need.

If you have any questions about the car park please come and talk to Jasmine.

Thanks for your understanding and continuing patience!
